HIA GreenSmart[®]
AWARDS WINNER 2008

Designing stunning energy efficient and healthy buildings without compromising style.

At Solar Solutions Design, we are a market leading, multi-award winning design company with over 20 years experience. We create homes that achieve the highest energy ratings and comfort levels. We will design your home combining your ideas and our experience to create a building that suits your site and is uniquely yours.

At Solar Solutions Design we are committed to delivering the highest quality service at an affordable price.

With energy costs set to soar in the coming years, the design of your new home is paramount. It is the most important investment you can make to reduce running costs, naturally increasing indoor comfort levels with warmer winter and cooler summer temperatures.
